Description

2005 Chaparral 350 Signature | Twin Cummins Diesel | Rebuilt Engines

An exceptionally well equipped Chaparral 350 Signature offering an impressive combination of performance, accommodation and luxury, with the major benefit of twin Cummins diesel power and extensively rebuilt engines at a reported cost of approximately $100,000.

Powered by twin Cummins 4.2L 300HP turbo diesel engines driving through sterndrives, this 35 foot sports cruiser offers a setup rarely found in comparable Australian sports cruisers. Both engines currently show approximately 300 hours.

The spacious cockpit has been designed for entertaining, with generous wraparound seating, a removable cockpit table, wet bar and easy access to the extended swim platform. A stainless steel BBQ and custom 316 stainless steel railings further enhance the outdoor entertaining area. The raised helm provides excellent visibility, while the bow thruster makes close quarters manoeuvring considerably easier.

Below deck, the Chaparral's generous beam creates an impressive amount of interior space. The air conditioned cabin accommodates 4 - 6, with both forward and aft sleeping areas offering privacy for extended stays aboard. The dinette can also electrically lower to provide additional sleeping accommodation.

The open plan galley features a 122L Isotherm refrigerator with freezer, two burner electric cooktop, microwave, stainless steel sink, generous preparation space and excellent storage. Entertainment is provided by a Fusion stereo system and two satellite televisions.

Further equipment includes a Raymarine 9 inch Axiom chartplotter, Raymarine VHF, solar charging, Victron battery charger, electric anchor winch, trim tabs, LED lighting throughout, cockpit and enclosed hot and cold showers, electric toilet with holding tank, full cockpit clears and storm covers.

Key Features

Twin Cummins 4.2L 300HP turbo diesels
Approximately 300 hours
Engines rebuilt at approximately $100,000 cost
Kohler generator
Bow thruster
Air conditioning throughout
Accommodation for 4 - 6
