Description

2016 Arvor 690D | Shaft Drive Diesel | Extensively Maintained

Designed for serious offshore fishing and built with the reliability of a shaft drive diesel, this 2016 Arvor 690D is a versatile and economical pilothouse cruiser that's equally at home chasing fish offshore or enjoying a relaxing weekend on the water.

Powered by the renowned 115hp Mercury QSD 2.0L turbo diesel, the 690D offers exceptional fuel economy, impressive low-down torque and the simplicity of shaft drive, delivering dependable performance with reduced maintenance compared to stern drive alternatives. The deep cockpit, wide walk-around decks and enclosed pilothouse make it a practical all-weather fishing platform, while the spacious forward cabin provides comfortable overnight accommodation for extended trips.

Whether you're trolling offshore, bottom fishing, or cruising the coastline with family and friends, the Arvor's proven hull delivers a stable, confidence-inspiring ride and excellent protection from the elements.

This vessel presents in excellent condition and has been meticulously maintained.

Recent Service History

-

2026: Fresh antifoul, full cut and polish, PropSpeed applied, new anodes

- 2025: Comprehensive engine service completed, including genuine filters, engine oil, impeller and cooling system inspection, followed by replacement of the genuine raw water pump, water inlet hose and fuel filter assembly.
