Description

These great transitional Riviera Flybridge cruises are sought after due to the internal volume and quality of build by Mr Bill Barry Cotter.

They are a great game, sea boat with that legendary Riviera pedigree. This boat is very original, and true to it, bloodline.

"RIVA" is currently owned by a professional mechanic, so you can be assured the motors have been serviced and maintained to a high-level. The 320 hp Cummins diesel motors are among the most reliable, installed in the Riviera's and with only 2300 hours on the clock, there's plenty of exploring still to be done in this beautiful boat.

Upgrades and features include a concealed smart TV that launches via a remote, heat exchanges have been cleaned, 6 new 100 amp hour batteries and there is also a berth available at Wyee point on beautiful Lake Macquarie.

Get in first and get out there, this summer exploring our beautiful waterways with family and friends.

Call Paul on0405 480 256for more information or inspection. PF
