Description

2005 Four Winns 348 Vista – Reduced to sell & Extensively Upgraded

This 2005 Four Winns 348 Vista is a standout example of one of the most popular family cruisers in its class, backed by an extensive file of maintenance, upgrades, and improvement works that show genuine ongoing ownership and care.

Well suited to family weekends, entertaining, and comfortable overnighting, the 348 Vista is known for its practical layout, generous beam, and strong twin-engine performance — and this particular vessel has benefited from substantial mechanical, electrical, cosmetic, and onboard comfort upgrades over time.

From the moment you step aboard, it's clear this is not a standard, untouched example. Significant expenditure has gone into improving the boat, including bow thruster installation, upgraded electronics, solar and charging improvements, stereo and lighting upgrades, refrigeration upgrades, underwater lighting, water system works, genset repairs, and extensive sterndrive servicing and preventative maintenance. Highlights of This Particular Boat

- Twin MerCruiser 350 MAG MPI 300hp engines with Bravo Three stern drives documented in service records.
- Bow thruster installed, including tunnel cut-in, glasswork, gearbox and propeller installation — a major upgrade that makes close-quarters manoeuvring far easier.
- Raymarine Axiom 12 MFD with chart, plus CP100 DownVision black box and transducer fitted.
- Fusion RA70 stereo upgrade, new VHF antenna, TV antenna, LED cabin lighting, and replacement battery charger.
- Solar system upgrades including solar panel, regulator/charger components, battery monitor, and later documented solar upgrade works.
- Upgraded refrigeration, including a Nova Kool 54L fridge/freezer and a Nova Kool 100L fridge/freezer with modified compressor relocation to suit the vessel.
- Underwater lights installed as part of major yard works.
- New water tank installed and plumbed, with mounting brackets fabricated to suit.
- Generator repairs carried out, including fuel pump, fuel shut-off solenoid, spark plugs, carburettor clean, and testing under load with air conditioning and water heater running.

Documented Mechanical & Maintenance History

The service history shows this vessel has had ongoing attention in key areas that matter most on a cruiser of this type.

In 2021, works included drive oil service, prop removal and regrease, pressure and vacuum testing of both drives, engine alignment adjustments, bonding wire repair, anode replacement, and bellows inspection.

In 2022, the boat received an annual service on both 350 MAG 300hp MerCruisers and Bravo Three drives, plus replacement of drive and shift bellows, drive anode kits, belts, water pressure sensors, trim pin components, and hatch actuator-related repairs.

In 2023, substantial sterndrive work was completed including removal of both drives, replacement of continuity wires, bellows, shift cables, shift seal, wear pads, trim bushes, trim caps/end caps, input shaft components, gimble bearing, cross bearing kit, anodes, and gear lube service, followed by in-water testing. Additional work also addressed engine cooling and transom water hose issues, with new transom water hoses installed and the boat sea-trialled.

More recently in 2024, the starboard drive fault was diagnosed and repaired, including upper gear set replacement, clutch-related repairs, drive shimming, cable adjustment, oil refill, and hatch battery replacement, with testing

carried out afterward.

Cosmetically and hull-wise, records also show antifoul work, Prop speed application, topsides detailing, stern drive coating, waterline treatment, gelcoat repairs, starboard bow repair, and other yard works, supporting the overall presentation and upkeep of the vessel. Accommodation & Lifestyle

The Four Winns 348 Vista remains a very popular choice thanks to its ability to combine sporty styling with real overnight capability. The wide-beam layout delivers a spacious cockpit for entertaining and a comfortable cabin arrangement suited to family cruising, weekends away, or evenings aboard in the marina. With the upgrades completed to refrigeration, lighting, electronics, charging, and bow thruster control, this example offers a more usable and better-equipped onboard experience than many comparable boats on the market. Why This Boat

If you are searching for a Four Winns 348 Vista, the real difference is not just the model — it is how much has been spent, maintained, and upgraded along the way. This boat offers buyers confidence through a broad file of invoices covering mechanical servicing, preventative maintenance, electrical upgrades, refrigeration improvements, generator repairs, plumbing work, hull works, and major usability upgrades.

A well-known and highly regarded sports cruiser, this 2005 Four Winns 348 Vista offers the ideal mix of performance, comfort, and documented investment.

Located on Lake Macquarie, Inspections are highly recommended - ready for immediate delivery.
